AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

LISTING OF CLAIMS:

1. (Currently Amended) A process for producing a pentose-5-phosphate ester, wherein:

a pentose is reacted with a phosphoric acid donor in the presence of an acid phosphatase;

the pentose is a pentose in (3S, 4R) or (3R, 4S) and the pentose is ribose, arabinose or 2-deoxyribose

the pentose-5-phosphate ester is a pentose-5-phosphate ester in (3S, 4R) or (3R, 4S) and the pentose-5-phosphate ester is a ribose-5-phosphate ester, an arabinose-5-phosphate ester or a 2-deoxyribose-5-phosphate ester; and

the acid phosphatase is an acid phosphatase derived from *Shigella flexneri-or Escherichia-blattae*.

2-3. (Canceled).

- 4. (Original) The production process according to claim 1, wherein the phosphoric acid donor is a polyphosphoric acid or a salt thereof.
- 5. (Original) The production process according to claim 1, wherein the phosphoric acid donor is reacted with a pentose under the condition that the phosphoric acid donor is contained more than 1 fold and not more than 20 folds to the pentose by mole.
- 6. (Original) The production process according to claim 1, wherein the acid phosphatase is reacted under the condition that it is contained not less than 1 U/mL.

7-8. (Canceled).
